<button id="dribbble"><i class="fa fa-dribbble"></i></button>
</a>
<p>8.2m</p>
<b>Followers</b>
</span>
</div>
```

How To Display Feature Posts ?

- To Display the Feature posts at the top of the blog. Follow These Steps:
- Go to blogger **dashboard**.
- Click on **Posts** tab and assign label to every post you published.
- **Remember:** If you have left any post without assigning a label name. Then the whole feature slider will not work. So you must give at least one label name to per/post.
- After you visit the site it would display all 5 posts at features area.
